Ramona,

Would you please scan the coding sheet and send to Amber? It should be in a yellow folder in your cubicle in the file cabinet.

Thank you.

Diane

Diane,

Can you see if Ramona can send me the coding sheet for this permit? The folks from Hilcorp think there are parameters on their DMR that are not in their permit and we are having a meeting with them this week. Any info you have would be appreciated. They have 13 permits, but this is the first one I am looking at.

Thank You,

Amber Bennett
